Wendy Martin
Peace of Mind Childminders

Dear *Wendy*

Summer Party Donation

Following my recent email I thought I would write to you and the Group to more formally thank you all for the generous donation following your Summer Party with the children you all care for.

The continued support you all offer to TLC is very much appreciated and we were all delighted when you agreed to support us for another year. You may be aware via our website that we recently donated our 10,000th hospital teddy, to a little boy at the QMC Children's Hospital who was recovering from meningitis. On average for every child the teddies help, up to 10 adults, family and medical staff, receive benefit from the patient being more at ease and treatment more easily given. Since we started the charity in Nottinghamshire just over five years ago our work has positively affected some 100,000 people, of which we are very proud.

From all at 'TLC Nottinghamshire' our sincere thanks once again for thinking of us.

kind regards

Yours sincerely

Barry Woodhead
Trustee & Treasurer

cc Graham Riche – TLC Chairman
